- **At 1/200th the size of a human hair,** Norwex Microfiber is super-absorbent, leaving surfaces clean, polished and streak-free **using just water!**
- Significantly reduces the use of costly cleaning products and supplies—**saving you almost \$600 per year!**

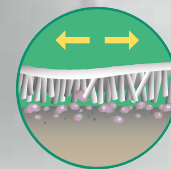

All Norwex Microfiber products carry a two-year warranty. Please visit www.norwex.com for complete details.

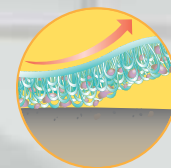

* When following the proper care and use instructions.

** This graphic is noted throughout the catalog to differentiate those products that contain an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odor, mold and/or mildew growth within the product.

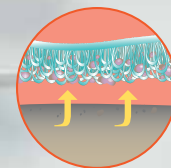

How Norwex® Microfiber Works

Traditional cotton cloth pushes around particles, spreading dirt, grime and moisture into the surface crevices, leaving it moist and unclean.

Norwex Microfiber lifts and collects particles. Used dry, Norwex Microfibers produce an electrostatic charge that attracts even the smallest particles of dirt, grease and moisture, leaving the surface free from everything.

Norwex Microfiber self-purifies. Used wet, the micro silver in the cloth goes to work with self-purification properties.

USE IT DRY TO DUST

Used dry, Norwex Microfiber is a superior duster, holding the smallest particles in its fibers, creating a cleaner surface that lasts longer with no harmful chemical residue to collect more dust.

USE IT WET TO CLEAN

Used wet, Norwex Microfiber loosens and lifts the most stubborn dirt and debris up into the cloth and away from the surface. Simply wet thoroughly, wring well, fold flat and wipe away grime from all washable surfaces.

CARING FOR YOUR NORWEX MICROFIBER IS EASY.

For best results, simply wash in our Ultra Power Plus™ Laundry Detergent and toss in the dryer. Avoid bleach, fabric softeners and dryer sheets as they will coat the fibers and reduce their ability to clean effectively.

My Story

"Bryan and I had always wanted to own our own business but were really looking for an opportunity that would allow us to work together and actually make money. Enter Norwex! We immediately were aware of the possibilities and were drawn to the heart and Mission of this company. I hesitated a bit in the beginning because we were homeschooling our four youngest children and each of us had a full-time job. Unbelievably, after only 18 months with Norwex, I was able to leave my full-time job and focus on kids, grandkids and, of course, Norwex. The perks we've earned with Norwex have been amazing, especially the monthly incentives and five trips because we love traveling together (something we had never done before). Norwex has blessed us in more ways than we can share. I love the life this company has afforded us and how it has become woven into every area of our lives."

My Story

"Growing up in rural Minnesota, I loved how close my family was and how we all worked together to contribute to our family farm! We worked hard, and I saw what that meant to our family. Now as a mother of five kids, I appreciate that Norwex in many ways has been a family business that my own children have been able to help me with. They have witnessed firsthand, just like I did growing up, that when you work hard at something, you will be rewarded back tenfold. At times, I can hardly believe that my amazing team spreads all across America. I am so grateful that, as a stay-at-home mom of five, I'm able to work at something I love and funnel my energies and passions into my business, while still having the flexibility to work around our very busy calendar. In return, my family has been blessed to have the opportunity to travel, do home improvements, help with college tuition and give more to others—and it's all because of Norwex."

My Story

“I don't host home parties. I don't go to home parties. I don't want to be in sales. I don't like cleaning. Five years ago, 'I don't' was a big part of my vocabulary and my identity. I'm not proud to admit that I was one of the last people in my circle of friends to give Norwex a fair shot. Eventually, curiosity got the best of me, and I agreed to host a party. That party was what changed me from a woman who prided herself in her 'I don't' identity into someone who was willing to say, 'I'll try.' The products were top-notch, and it was clear that Norwex shared a lifestyle I was already promoting through a way that felt natural to my skill-set—sharing, talking and teaching. Norwex has given me more than financial freedom, vacations and deep friendships. Norwex has taught me how to take risks, how to build confidence in other women and how to say, 'I'll try.' And while I adore Norwex, I still don't like cleaning. Some things simply never change!”

My Story

"When a good friend told me that her windows were always sparkling because of a Norwex Microfiber Cloth and water, I was skeptical. She came over to my home, gave me a Norwex cloth and challenged me to find something it wouldn't clean. I spent two hours oohing and aahing over the amazing way it cleaned windows, mirrors and especially my stainless steel fridge! I signed up to be a Consultant within 24 hours because I loved the cloths and then discovered I also loved the business opportunity. I shared both with everyone. Along the way I became a single mom. It was always most important to me to be a great mom. So when my ten-year-old daughter asked if I were going to get a job where I'd be gone before she left for school and gone when she came home, I told her, 'No honey, Norwex is my job and I will be working here at home.' My Norwex income allows me to make a great living while sharing products that are great for busy moms, families and the planet!"
